CTSAMM REPORT 2018/21 FIGHTING BETWEEN PARTIES FROM 1 TO 27 JUNE 2018

Your Excellencies,

Please find attached a report which summarises incidents of fighting between parties in South Sudan since 1stJune 2018.

Major General Ibrahim Abdul

Chairman

Ceasefire and Transitional Security Arrangements Monitoring Mechanism

CTSAMM REPORT NUMBER 2018/21 REPORT ON FIGHTING BETWEEN PARTIES FROM 1-27 JUNE 2018

Following communications from UNSC pursuant to the United Nations Security Resolution 2418 (2018) and based on the discussion with the JMEC Chairperson, CTSAMM have undertaken to report by 30th June on whether any fighting has taken place in South Sudan involving parties to the Agreement on Cessation of Hostilities since 1 June 2018.

CTSAMM, in co-operation with UNMISS, has been closely monitoring the fighting between parties in South Sudan from 1 June 2018. This report summarises incidents of fighting between parties and does not include all violations committed by parties relating to other prohibited actions as described in ARCSS and ACOH. The report does not provide attribution of responsibility for the initiation of fighting, it simply identifies those incidents which are characterised by fighting between parties.

Since 1 June 2018 there have been 11 verified incidents of fighting between parties. There are 12 other potential incidents under investigation which may or may not be defined as ACOH violations. The occurrences of fighting are shown in the map at Annex A. The details of verified incidents and ongoing investigations are in Annex B. It is likely that the number of verified incidents will rise and that new incidents will arise

which will also warrant investigation.
